## 36.104 Policy.

- (a) Unless the traditional acquisition approach of design-bid-build established under  $\underline{40~U.S.C.}$  chapter 11, Selection of Architects and Engineers, or another acquisition procedure authorized by law is used, the contracting officer shall use the two-phase selection procedures authorized by  $\underline{10}$   $\underline{U.S.C.~2305a}$  or  $\underline{41~U.S.C.3309}$  when entering into a contract for the design and construction of a public building, facility, or work, if the contracting officer makes a determination that the procedures are appropriate for use (see  $\underline{\text{subpart}}$  36.3). Other acquisition procedures authorized by law include the procedures established in this part and other parts of this chapter and, for DoD, the design-build process described in  $\underline{10~U.S.C.~2862}$ .
- (b) Agencies shall implement high-performance sustainable building design, construction, renovation, repair, commissioning, operation and maintenance, management, and deconstruction practices so as to—
- (1) Ensure that all new construction, major renovation, or repair and alteration of Federal buildings complies with the Guiding Principles for Federal Leadership in High-Performance and Sustainable Buildings (available at <a href="https://www.epa.gov/greeningepa/guiding-principles-federal-leadership-high-performance-and-sustainable-buildings">https://www.epa.gov/greeningepa/guiding-principles-federal-leadership-high-performance-and-sustainable-buildings</a>);
- (2) Pursue cost-effective, innovative strategies, such as highly reflective and vegetated roofs, to minimize consumption of energy, water, and materials;
- (3) Identify alternatives to renovation that reduce existing assets' deferred maintenance costs;
- (4) Ensure that rehabilitation of Federally-owned historic buildings utilizes best practices and technologies in retrofitting to promote long-term viability of the buildings; and
- (5) Ensure pollution prevention and eliminate waste by diverting at least 50 percent of construction and demolition materials and debris by the end of Fiscal Year 2015.
